MA International Business and Economic Diplomacy Part-time (IMC University of Applied Sciences Krems) study programme code 399

Introduction

According to § 4 para. 4 FHG, the educational requirement for admission to a university of applied sciences Master degree programme shall be the completion of a subject-relevant university of applied sciences Bachelor degree programme or the completion of an equivalent degree programme at a recognised domestic or foreign post-secondary educational institution. In the case that equivalence has basically been established and only certain supplementary qualifications are required for full equivalence, the programme director shall be entitled to tie the determination of equivalence to examinations to be taken during the Master degree programme.

Definition „relevant“

With a degree from another Bachelor programme, admission to this Master degree programme is also possible on the basis of a case-by-case examination. Proof of English competence must be given by a certificate of English competence, level C1.
